The Iowa Conference on Communicative Disorders provides continuing education activities in speech-language pathology that are acceptable to the State of Iowa and the American Speech-Language-Hearing Association. Areas of emphasis include adults and pediatrics.

The Iowa Conference on Communicative Disorders is a student run conference for professionals. The conference is in its 28th year.

The conference co-chairs are Morgan Powers, BA and Megan McGovern, and advising the conference is Mrs. Suzanne Dripps, MA, CCC-SLP.

MEET THE SPEAKERS

MELISSA S. PASSE, MA, CCC-SLP
Melissa S. Passe has served as the director of the Speech and Hearing Clinic at Truman State University for the past 26 years. In that capacity, she has supervised hundreds of students on site and placed/visited hundreds more in their internship locations throughout the United States. She has served on the Steering committee for ASHA SIG 11, as chair of the CFCC at ASHA as well as on the Board of Ethics at ASHA. She co-hosted a CE session for ASHA entitled the 9 Building Blocks of Supervision that can be viewed free of charge via the ASHA website.

DAVID KRUPKE, MA, CCC-SLP
David Krupke is a Clinical Assistant Professor in the Master of Speech-Language Pathology Program at St. Ambrose University. Of his 48 years as an SLP, 40 involved services in elementary and secondary schools, preschool and 0-3 populations, as well as clinical supervision at Augustana College and the University of Iowa. Mr. Krupke has presented at regional, state, national and international seminars, conferences and conventions. He is also published in state, regional and national venues. Honors include ISHA Honors of the Association and an ASHA State Volunteer Award. Research interests include treatment efficacy related to augmented feedback, utility of representational gesture systems, and sound foundations of early literacy.

GLORIA V. NATHANSON, AuD
Dr. Gloria Nathanson is a licensed audiologist from Minnesota. Her undergraduate self-directed B.S. degree is in “Language Development with Emphasis on those with Hearing Loss.” Dr. Nathanson is a full-time professor at St. Catherine University and teaches some classes at both Gallaudet University and McDaniel College. She serves on Minnesota’s Early Hearing Detection and Intervention Advisory Committee. As an equal bilingual Deaf individual, she provides a unique perspective that encompasses both the medical perspective along with cultural perspectives. She is also a mother of four children, two of whom are deaf.

JENNIFER WALZ GARRETT, PhD, CCC-SLP
Jennifer Walz Garrett is an Associate Professor of Communication Sciences and Disorders. Dr. Garrett received her doctoral degree at University of Cincinnati in 2007, prior to which she worked as a school speech-language pathologist. Dr. Garrett has interest in school-aged literacy and language disorders, genetics/syndromes and counseling skills.

LYNN WILLIAMS, PhD, CCC-SLP
Lynn Williams is Associate Dean in the College of Clinical and Rehabilitative Health Sciences and Professor in the Department of Audiology & Speech-Language Pathology at East Tennessee State University and an Honorary Professor at the University of Sydney, Australia. Most of her research has involved clinical investigations of models of phonological treatment for children with severe to profound speech sound disorders. She developed a new model of phonological intervention called multiple oppositions that has been the basis of federally funded intervention studies by the National Institutes of Health (NIH) and developed a phonological intervention software program called Sound Contrasts in Phonology (SCIP) that was funded by NIH. Dr. Williams served as associate editor of Language, Speech, and Hearing Services in the Schools and most recently served as the associate editor of the American Journal of Speech-Language Pathology. Dr. Williams is a Fellow of the American Speech-Language-Hearing Association and is currently serving as ASHA Vice President for Academic Affairs in Speech-Language Pathology (2016-2018).

ALLISON BRIET-SMITH, PhD, CCC-SLP
Allison Breit-Smith is an Associate Professor in the Literacy and Second Language Studies program in the School of Education, at the University of Cincinnati. Her teaching and research interests focus on emergent literacy experiences within the home and school settings during early childhood development. Her research emphasizes shared book reading between parents and young children and designing interventions to improve children’s language and literacy outcomes.

CARLIN F. HAGEMAN, PhD, ASHA FELLOW
Carlin F. Hageman is a Professor Emeritus at the University of Northern Iowa and an ASHA Fellow. His research interests are in motor speech disorders and stuttering. He is currently Adjunct Professor at the University of Colorado.

LISA A. EDMONDS, PhD, CCC-SLP
Lisa A. Edmonds is an Associate Professor in Communication Sciences and Disorders and Director of the Aphasia Rehabilitation and Bilingualism Research Lab at Teachers College, Columbia University in New York City. Dr. Edmonds conducts clinical research focused on the development and systematic evaluation of novel treatments for persons with monolingual and bilingual aphasia. In particular, Dr. Edmonds is interested in developing treatments (such as Verb Network Strengthening Treatment) that increase communicative success at the sentence and discourse levels and across spoken and written modalities. Additionally, her lab is investigating the efficacy of various aphasia assessment and treatments via teletherapy, computer use in persons with aphasia, and aspects of naming in bilingual adult individuals.

GINA GREENE, ACCESS REGIONAL COORDINATOR & STATE LIASON
Gina Greene has served as the Central Rivers Area Education Agency Early ACCESS regional liaison to the state for 24 years with a goal to make a difference in the lives of children and their families through early intervention. Greene works for systems change, trains statewide, and monitors the Early ACCESS system. She serves on “every work group” she can to stay informed, current and continue to be a part of the statewide solution. Greene has made “too many presentations” to count but some of her most rewarding include presenting to congress in Washington DC and supporting the courses at the University of Northern Iowa with teaching and curriculum. Greene always brings the parents perspective to her work and speaks nationally with her son who has cerebral palsy.

TERI SUITER, MA, CCC-SLP
Teri Suiter is a Speech and Language Pathologist for Central Rivers Area Education Agency. She has ‘lots’ of experience and has been providing services to schools, children and families for many years. She has a fiery passion for making a difference and currently serves families in Early ACCESS.

RENE RUIZICKA-KANADET, MS, CCC-SLP
Rene Ruizicka-Kanadet is a speech-language pathologist at Hines VA Hospital near Chicago, IL, and at KatieBug Therapy, Ltd., a pediatric outpatient clinic in Naperville, IL. She received her Bachelor of Science in Speech and Hearing Science from the University of Illinois at Urbana-Champaign and her Master of Science in Speech Language Pathology from Rush University in Chicago. Her clinical areas of interest include dysphagia and motor speech disorders. Rene has advanced training in instrumental dysphagia assessments including videofluoroscopic swallow studies (VFSS) and fiberoendoscopic evaluation of swallowing (FEES). She works in acute care, inpatient rehabilitation, and outpatient settings. Research participation has focused on dysphagia in stroke, TBI, and PD populations. She was awarded the Brown Fellowship at the Rehabilitation Institute of Chicago (now Shirley Ryan AbilityLab) in 2014 which promotes clinician driven research, completing a treatment study including patients with neurogenic dysphagia. Her passions include exercise based dysphagia treatment, instrumental assessment of swallowing, and increasing awareness about dysphagia in both healthcare and community environments.

LYNN WILLIAMS, PhD, CCC-SLP
Lynn Williams is Associate Dean in the College of Clinical and Rehabilitative Health Sciences and Professor in the Department of Audiology & Speech-Language Pathology at East Tennessee State University and an Honorary Professor at the University of Sydney, Australia. Most of her research has involved clinical investigations of models of phonological treatment for children with severe to profound speech sound disorders. She developed a new model of phonological intervention called multiple oppositions that has been the basis of federally funded intervention studies by the National Institutes of Health (NIH) and developed a phonological intervention software program called Sound Contrasts in Phonology (SCIP) that was funded by NIH. Dr. Williams served as associate editor of Language, Speech, and Hearing Services in the Schools and most recently served as the associate editor of the American Journal of Speech-Language Pathology. Dr. Williams is a Fellow of the American Speech-Language-Hearing Association and is currently serving as ASHA Vice President for Academic Affairs in Speech-Language Pathology (2016-2018).
